**泵产品工作服务站**  
产品维修和保养

**Pump Service Station**  
for maintenance and repair

## 我们能为您做些什么：

- 欧瑞康巴马格泵部门专家的专业知识和技术专长可随时提供技术支持
- 备件货期短
- 原装备件
- 设备齐全的服务站，包括用于流量测量的测试台
- 提供故障分析的维修报告

- 合理的价格及有折扣的备件
- 根据检测分析，仅更换必要部件
- 使用高质量标准，优化使用寿命，减少废品率
- 上述的优势降低了客户的维护成本和生产成本
- 服务站是在位于德国Remscheid的欧瑞康巴马格管理下运行

## What we can do for you:

- The know-how and the technical expertise of Oerlikon Barmag's pump experts is at your disposal.
- Short lead times
- Original spare parts
- Fully equipped service station including test bench for flow metering tests
- Repair report with fault analysis
- Reasonable costs and discounted original parts
- Only the necessary parts will be exchanged following previous analysis.
- Optimized live time combined with high quality standards will lead to reduced production of waste
- The sum of the advantages given above results in a reduction in the maintenance costs and production costs of our customers.
- Service station is operated under the management of Oerlikon Barmag Germany, Remscheid.
