

Other Agreements

Supplier's Declaration // Certificate of Origin

We would like to point out that above named certificates are a part of this purchase order. We would ask you to let us know the exact country of origin.

US Re-Export Control concerning exports to sensitive countries

We further request you to inform us if any of the specified materials includes 10 percents or more of US content based on the ex works price. In that case please contact our Export Control Department, Mr. Sascha Vogel (phone +49 2191 672709) or Mrs. Diana Sander (phone +49 2191 671244).

If we do not receive any information about possible US content of 10 percents or more from your side we classify the materials as not being subject to US Export Control Regulations. You, the supplier, are responsible for the accuracy of that information.

Code of Conduct - Health, Safety and Environment (HSE)

The supplier commits himself to adhere to the respective statutory regulations in dealing with employees, environmental protection, health and safety and (generally) work actively on decreasing negative impacts to human and environment. Additionally, the supplier will observe the principles of the global Oerlikon Code of Conduct for suppliers.

The Oerlikon Code of Conduct for suppliers explains what we expect in regard to company ethics and adherence to statutory regulations, guidelines and international recognized Standards. Further information about the supplier Code of Conduct can be obtained by your responsible expert buyer.

Oerlikon Barmag is a company that operates in accordance with DIN EN ISO 50001. Therefore the procurement considers the energy-related performance of products and services.
