

Oerlikon Eldim Ltd. (HU) and Oerlikon Eldim B.V. (NL) Earn Prestigious Nadcap Merit Accreditations

Pfaffikon, Switzerland, February 4, 2025 – Oerlikon is proud to announce that Oerlikon Eldim Ltd., Debrecen (Hungary), and Oerlikon Eldim B.V., Lomm (Netherlands), have been awarded Nadcap Merit accreditation for Nonconventional Machining, Non-Destructive Testing (NDT), and Heat Treating. These recognitions are a testament to Oerlikon’s unwavering commitment to quality, reliability, and safety, reaffirming its position as a trusted partner in the aerospace industry.

Nadcap (National Aerospace and Defense Contractors Accreditation Program) is an industry-leading program that sets rigorous standards for aerospace manufacturing processes, ensuring compliance with industry benchmarks and customer requirements. The Merit accreditation represents the highest level of recognition granted by Nadcap, highlighting Oerlikon Eldim’s unwavering dedication to delivering excellence.

Achieving Nadcap Merit accreditation is no small feat and reflects the hard work, dedication, and technical expertise of the Oerlikon Eldim’s teams. This prestigious recognition also reinforces our ability to consistently meet the demanding needs of our aerospace customers while maintaining the highest standards of quality and safety.

“This accomplishment is a true reflection of our team’s dedication and expertise,” said David Houben, Sales & Marketing Director at Oerlikon Eldim. “The Nadcap Merit accreditation is a powerful endorsement of our commitment to delivering reliable, high-quality services in heat treating and other critical areas. We look forward to continuing to support our aerospace clients with the confidence that comes from this prestigious certification.”

These accreditations highlight the companies’ proficiency in employing advanced manufacturing technologies and rigorous testing methods to ensure the highest levels of safety, precision, and performance in their products. Oerlikon would like to express its sincere gratitude to all the dedicated employees at Oerlikon Eldim for their relentless pursuit of excellence. Their hard work and commitment to the highest quality standards have played an integral role in achieving this milestone.

Employees of Oerlikon Eldim Ltd. in Debrecen (Hungary) proudly present the Nadcap Merit accreditation certificates for Nonconventional Machining, Non-Destructive Testing (NDT), and Heat Treating. These achievements underscore Oerlikon's continued commitment to quality, reliability, and safety in the aerospace industry.
